In the case of Anwar SALAHUDDIN and Quadri SALAHUDDIN; We concerned tribal / community family of Mount Vernon, New York; Westchester County have been informed that the defendants and tribal claimants, Anwar Salahuddin and Quadri Salahuddin, have been improperly and wrongly cited as "flight risks" and being held in custody until the scheduled sentence date.

We the concerned tribal / community members protest this decision made by the United States District Court Southern District of New York due to the following facts. Both the tribal members, Anwar Salahuddin and Quadri Salahuddin;

- a.) are first time offenders
- b.) worked on a steady job weekly since being released on bail
- c.) stayed in contact with their court appointed lawyers since they were assigned to their case.
- d.) appeared early at every appointment scheduled on the court calendar
- e.) never left the State of New York as ordered by the court
- f.) had support of both parents and friends at every court appearance
- g.) have total support and willing custodianship of several Mount Vernon, N.Y. local tribal and community members.

For these reasons, we protest the continued incarceration of the defendants as "flight risks" and we request the tribal / community members in the case of Anwar Salahuddin and Quadri Salahuddin be released with "community service" in Mount Vernon, New York, location of their home town residence, until the court sentence date or dismissal of this case.

A few tribal / community members have signed this petition to the United States District Court Southern District Of New York to appeal for the release of Anwar Salahuddin and Quadri Salahuddin. We will also hold ourselves accountable and responsible for the defendants continued appearance in court until the final decision or dismissal of this case by the Honorable Chief Judge, Paul E. Davison or the presiding magistrate over this case.

We are counting on justice and fair decisions to prevail on this matter to curtail any further petitions or growing protests.
